WHAT IS ROTARY

Rotary is a membership organization made up of local business, professional and community leaders. We meet regularly, get to know each other, form friendships, and through that, we are able to get things done in our community. Rotarians are people of action. Together, we see a world where people unite and take action to create lasting change—across the globe, in our communities, and in ourselves.

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service;
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR WAY TEST

of things we think, say or do.

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Larry Harvey

District Governor - 2025-2026

Rotary Club of Sparks

Larry has over 35 years of experience in Human Resources and Risk Management. He started in this career field with John Ascuaga's Nugget where he worked for 25 years starting as the Risk Manager and ending his tenure as the Vice President of Human resources and Risk Management. He held the same title with Click Bond for six years working in aerospace manufacturing and concluded his career as the Chief People, Culture, & Equity Officer for the Reno Tahoe Airport Authority.

He holds a number of professional certifications and has experience in Diversity programs, Risk Management issues, Culture development, and Leadership Development programs. Larry has been serving on professional, community, and non-profit boards for many years including the United Way of Northern Nevada and the Sierras, The Reno Tahoe Airport Authority, Reno-Sparks Convention and Visitor's Authority, and the Governor's Workforce Development Board.

Larry started in Rotary with the Rotary Club of Sparks in 2002. He was President in 2011-2012 before serving in a number of different roles at the District level including Awards Chair, Administration Chair, Secretary, and Area Governor. He also served on the Zone 26-27 Expert Hub committee. He is a Paul Harris Fellow, a Paul Harris Society member, a Polio Plus Society member, a Bequest Society member, and a Major Donor II.

Larry's message this year is "Make Dreams Come True" in Rotary. This was inspired by an idea that became a reality called REGL through the people, passion, time, and treasure of many Rotarians that went viral and developed from a city-wide program, out to the District, and being looked at by other Districts in our Zone. The power of Rotary can make a concept, idea, or dream come true.

Governor's Message

Larry's message this year is "Make Dreams Come True" in Rotary. This was inspired by an idea that became a reality called REGL through the people, passion, time, and treasure of many Rotarians that went viral and developed from a city-wide program, out to the District, and being looked at by other Districts in our Zone. The power of Rotary can make a concept, idea, or dream come true.

Larry's commitment to Rotary is to help all Rotarians and Clubs have all the resources they need to be successful. The District only exists to help each club meet their goals for service in their community.

Rotary International President-elect Mário César Martins de Camargo asked members to *Unite for Good* by embracing growth, service, and connection as he outlined a plan to expand "the best-qualified team of volunteers on the planet."

"Rotary's greatest asset is not our history, our projects, or even our unmatched global reach. It is our members," de Camargo said at the organization's International Assembly in Orlando, Florida, USA, on 10 February. He noted praise from one of Rotary's partners about "the extraordinary dedication" of Rotary members. "That recognition from an outsider deepened my understanding: Rotary's greatest gift to the world is its people."

Mario is urging members to innovate and evolve with changing technologies, social expectations, and economic conditions. Innovation is how we adapt to this changing world.

He also urges us to focus on continuity of leadership. “Continuity is not about uniformity; it’s about alignment,” de Camargo said. “When district leaders work together, envisioning Rotary beyond their ‘governor year or president year,’ they set the stage for long-term success.”

Partnerships are also a key goal for our Rotary. Partnering with business associations, professional organizations, and academic institutions can help Rotary attract members while embracing diversity in professions and perspectives, he said. “By reaching out to professionals who share our values of service and engagement, we can expand Rotary’s capacity to do good in the world.”

Ultimately all of Rotary’s achievements and growth depend on members. By focusing on attracting and retaining them, Rotary can renew its strength as well as its ability to create change in communities for years to come. The message to *Make Dreams Come True* is not only intended to encourage the great work our clubs do every year, but to share those values and beliefs with others so they can see that Rotary can help make their dreams come true and give back to their communities and the world.

Mário César Martins de Camargo

President - 2025-2026

Rotary Club de Santo André

São Paulo, Brazil

Mário César Martins de Camargo is a business consultant to the printing industry and former director of Gráfica Bandeirantes, a printing company founded by his father. Under de Camargo's leadership, the company expanded to be a supplier of printed material for clients in Brazil and elsewhere in South America.

De Camargo attended military school and graduated from a secondary school in St. Paul, Minnesota, USA, during a Rotary Youth Exchange program. He had a yearlong internship at MAN Roland, a printing press manufacturer in Offenbach, Germany, before he earned his undergraduate degree at the Fundación Getulio Vargas' São Paulo School of Business Administration. He also received his law degree from the Faculty of Law of São Bernardo do Campo.

He has led numerous professional associations, including as president of the Brazilian Association of Graphic Technology and ABIGRAF, the Brazilian Printing Industry Association. He was also delegate director of the Federation of Industries of the State of São Paulo (FIESP) in the National Confederation of Industry, vice president of FIESP, and vice president of the Latin American Confederation of the Printing Industry. He received the Printing Leader of the Americas award from the Printing Association of Florida and the Global Presidential Print Award from NPES, the Association for Suppliers of Printing, Publishing, and Converting Technologies.

De Camargo joined Rotary in 1980 at age 23. A past director and trustee, he will be the fourth RI president from Brazil. He has volunteered for numerous roles including RI learning facilitator, zone coordinator for the Avoidable Blindness Task Force, Latin American coordinator for the Health Concerns Task Force, RI president's representative, and Council on Legislation representative. He has also served on committees including the RI Membership Growth Committee, The Rotary Foundation Programs Finance Committee, and the International PolioPlus Committee.

De Camargo says he is continually impressed by Rotary's global reach. "With Service Above Self, Rotary has created a unique global identity that is unlike any other I know," he says. "I think we all need to remember that we belong to an organization that opens up the world to us."

During the start of the COVID pandemic in 2020, de Camargo took on two projects: studying for (and passing) the bar exam — 38 years after attending law school — and learning Italian. He also enjoys reading history and biography books and appreciating good wine.

De Camargo has received The Rotary Foundation's Distinguished Service Award. He and his wife, Denise, are Major Donors and Benefactors of The Rotary Foundation.

2025-2026 Presidential Message Address

Mário César Martins de Camargo

Rotary International President-elect

Good morning, bom dia, buenos días, bonjour, buongiorno, Guten Morgen, o-HAI-yo go-zai-mas, JO-un ah-CHIM im-ni-da, esteemed governors and leaders of Rotary.

Last year, we gathered here to address the governors-elect of 2024-25. At that time, I spoke as the president-nominee of Rotary International, highlighting membership growth as our organization's top priority, most valuable asset, and greatest challenge.

Today, as I stand before you as president-elect, I am more convinced than ever that our collective focus on membership is essential to securing Rotary's future.

Rotary's greatest asset is not our history, our projects, or even our unmatched global reach. It is our members — the best-qualified team of volunteers on the planet. I learned this lesson early on, during the Atlanta convention, when a representative from one of our polio partners praised the extraordinary dedication of our members. That recognition from an outsider deepened my understanding: Rotary's greatest gift to the world is its people.

Today, I want to share our road map to membership growth and revitalization, guided by three essential pillars: innovation, continuity, and partnership. These principles are not just strategies. They are a call to action to rejuvenate Rotary, to attract new voices and perspectives, and to strengthen our service to communities worldwide.

The world is changing, often at a dramatic pace. Technology, social expectations, and economic conditions evolve constantly, and Rotary must evolve with them. As Giuseppe Tomasi di Lampedusa wrote in *"Il gattopardo"* [*"The Leopard"*], "For everything to stay the same, everything must change."

Innovation is how we adapt to this changing world. It's not just about welcoming younger members but also engaging senior individuals seeking purpose and connection.

At 68 years old, I know firsthand how fulfilling it is to find a community of peers.

Consider the example of my home club, Santo André, a thriving legacy club with 150 members. My wife, Denise, helped charter a satellite club, creating a space for almost 50 remarkable women to lead in their own way.

Satellite clubs, cause-based clubs, enterprise clubs, and passport clubs are examples of the flexibility we need to attract a diverse

audience. While these models may not work everywhere, they offer us the opportunity to reach future Rotarians outside our traditional frameworks. Future Rotary members are out there. We must meet them where they are.

During my travels — more than six laps around the globe in the past 18 months — I've observed that the healthiest districts share one critical feature: consistent, united leadership. Districts thrive when governors build on their predecessors' efforts, ensuring programs and strategies continue seamlessly year after year. Conflict at the top, by contrast, is a time bomb that often results in declining membership.

Let me share some inspiring moments from this journey. In Nigeria's District 9141, I saw the incredible impact of building wells and commissioning school chairs in under-served areas. In Pakistan, I visited Smart Villages, where Rotary helped populations affected by the devastating 2022 floods move from survival to a better future.

In Mumbai, India, I met children receiving lifesaving care through a Rotary grant for congenital heart disease, and in another region, I witnessed ambulances lined up outside a palliative care hospital, each bearing The Rotary Foundation logo, supporting breast cancer detection, dental care, and eye exams.

In Lampung, Indonesia, Denise and I had the privilege to witness a microeconomic transformation for 700 families, to multiply farmers' family incomes on rice paddies.

Continuity is not about uniformity; it's about alignment. When district leaders work together, envisioning Rotary beyond their governor year, they set the stage for long-term success. Rotary already faces the unique challenge of annual leadership transitions. Let's not make it harder by fragmenting our efforts. Instead, let's build a legacy of collaboration that future leaders can build upon.

Rotary's history with polio eradication teaches us an invaluable lesson: Alone, we can achieve great things, but together, we can change the world. Partnerships with organizations like the Gates Foundation, WHO, and UNICEF have been instrumental in our US\$23 billion investment over 40 years to eliminate polio. We would never have made this much progress alone.

So why not apply this lesson to membership growth? Partnering with business associations, professional organizations, and academic institutions can help us attract quality members while embracing diversity in professions and perspectives. Such partnerships eliminate the false dilemma of quantity versus quality. By reaching out to professionals who share our values of service and engagement, we can expand Rotary's capacity to do good in the world.

Ultimately, all our achievements, projects, and partnerships depend

on our members. Membership growth is not just about numbers. It's about renewing our collective strength and ensuring our mission endures.

First, we must acknowledge that no one lives forever. The only hedge against aging clubs is the constant admission of new members.

Second, our capacity for service grows with our membership. More members mean more hands to help and more resources to invest in our communities.

Third, succession planning is critical. Clubs either grow or dwindle. There is no such thing as stable membership.

We must make recruitment and retention a core value, passing it from one generation of Rotary members to the next. By doing so, we ensure that Rotary remains vibrant and impactful for decades to come.

Rotary members are people of action. We don't wait for change to happen; we make it happen.

And what do people of action do? **We Unite for Good.**

And that is our presidential message for 2025-26: Unite for Good!

In a world often divided, Rotary stands as a beacon of unity and hope. Our projects bring together people of all races, religions, genders, ideologies, and economic backgrounds, uniting us in a shared purpose: to do good in the world. Rotary inspires us to be better people, to serve others, and to create a lasting impact.

As you leave this room today, I urge you to focus on learning the best strategies for growing Rotary in your districts. Rotary has invested a great amount of time and money in this assembly, not for speeches and fanfare, but to equip you with the tools to lead effectively. Our return on this investment will be measured not in dollars but in the new members we welcome, the innovative clubs we create, and the lives we change through service.

And as you carry out this mission, don't forget one of Rotary's greatest joys: making friends around the world and having fun.

Together, let's embrace this journey of growth, service, and connection. Let's build a Rotary that unites for good and ensures a brighter future for all.

District Governor Club Visit Guidelines

The District Governor's official visit is usually held at the club's meeting place unless other arrangements are made with the DG ahead of time.

- The Governor presents his remarks as the club program for the day. Please do not schedule a second program. The focus of the program is your club, highlighting projects, and sharing the resources each club has from RI, the Zone and the District that is available to every member of the club.
- This year, the Governor is open to different types of official visit programs, such as fireside chats, Q and A sessions, service projects, fellowship social or another format.
- Two or more clubs may wish to combine their meetings into one larger meeting. This is a good option, but the Governor will want to meet with each Board individually, perhaps on the same day at different times.
- The club president is encouraged to contact the DG and discuss the options and what type of visit will best help the club.

The purpose of the Governor's visit is to learn about the club's priorities and plans, provide support and resources, and to challenge the club with ideas for improvement. This is done during a meeting with the officers and Board prior to the club meeting. The meeting is intended to provide the opportunity for the club to share successes, as well as discuss areas where the club may desire input or assistance.

The Club Leadership Board meeting is typically held prior to the club meeting, (or in the case of a breakfast club, on the afternoon/evening before or by pre-arrangement with the Governor), with time devoted to meeting with the officers and the Committee Chairs.

The Club President will conduct the regular club meeting and include enough time for the regular business of the club. The Area Governor will typically introduce the DG. The District Governor would like to:

- Recognize Rotarians for their special efforts by presenting a **Quiet Rotarian Award** to an individual deserving Rotarian.
- **Dream Maker Award** – This award is for a member who played a significant role in the successful completion of a program(s) or project(s) for the club.
- Induct one or more new members.
- Present any **Paul Harris Fellowship** honors that have recently been earned.

Spouses, family members, prospective members and guests are welcome and encouraged to attend the District Governor's visit.

*** Club Surrendered Charter

A History of Rotary District 5190 1915 - 2025

In 1915 officers of Rotary International recognized the need for more efficient administration of the rapidly growing, geographically widespread number of clubs being chartered. A worldwide division into Rotary Districts resulted. District 13 was comprised of clubs from California, Nevada, Arizona, New Mexico, and Hawaii. Henry Brunnier of the Rotary Club of San Francisco was elected District Governor of District 13 for the Rotary year 1915-1916. Brunnier was followed in 1916-1917 by Homer Sumption of the Rotary Club of San Diego. The Rotary Club of Reno, the oldest club in present-day District 5190, was chartered under Sumption's governorship. Then, in 1918 the designation of District 13 was changed to District 23. Chartering of new clubs was relatively slow in these early years because the central office believed a service area population of at least 30,000 was necessary for a club to exist and function successfully. Eventually, when RI removed this requirement, growth accelerated. In 1922 the designation changed again, from District 23 to District 2. This district was now made up of clubs from California, Nevada, Hawaii, and Mexico. Now the chartering of new clubs exceeded all expectations, and as a result District 2 was split into five districts in 1937. Northern California and Nevada became District 105. Growth continued, and many new clubs were chartered in Northern California as well as three more in Nevada.

After 10 years, in 1947, it was time for another division of the district. District 109 was split from District 105 and boundaries were reduced. Although the District 109 designation lasted only two years, six new clubs were chartered, including two in Nevada, during this period. Rotary International again changed designations in 1949 and former District 109 became District 164. We remained 164 until 1957, when continued growth of the district necessitated division once more. The district was split with Northern California being divided. The new district, number 519, now included the northeastern part of California from Walnut Grove on the south to the Oregon border and all of Nevada except for the southern tip (Las Vegas). In 1957 District 519 was comprised of 51 clubs with a total of 3315 members. During the ensuing years, the chartering of new clubs in District 519 continued at a moderate pace. Also, a minor boundary change on the western edge of the district brought in two existing clubs, Gridley, and West Sacramento.

By 1987 the district had grown to 64 Rotary Clubs, and it was becoming increasingly difficult for District Governors to perform their required duties in the time frame prescribed by Rotary International. Throughout the United States the proliferation of clubs had resulted in more and smaller districts. District 519 was now geographically one of the largest in the United States. A proposal to divide into two districts with 33 clubs in one and 31 clubs in the other was approved by the RI Board of Directors in 1988. However, a campaign by dissenting clubs was successful, and a poll of all

clubs in the district resulted in a rejection of the split. Additional new clubs were chartered, and in 1990 a new proposal for splitting was put before the clubs of District 519 which now numbered 69 clubs with 4,456 members. This proposal divided the district along the ridge of the Sierra Nevada Mountains, but this was also rejected by the club members. In early 1991, the RI Board of Directors changed the district numbering system from three-digit designations to four. District 519 became District 5190 in July 1991. Club extension committees continued to be successful, and new clubs were chartered throughout the district.

Finally, a division meeting the approval of all clubs was proposed. On March 29, 1994, the Rotary International Board of Directors approved the split of District 5190 with a condition that a new club be formed in the new District 5180. A new club was formed prior to July 1, 1995, and met the condition imposed by the RI Board of Directors. The new District 5180, comprised of 34 clubs in the Sacramento, Marysville/Yuba City and Oroville areas, was split off from 5190. Now, District 5190 was reduced to 46 clubs (45 after Lake Tahoe Southeast was disbanded). The district included most of Nevada, as before, and the foothill and mountain areas of Northeastern California. This division was effective July 1, 1995. Although the number of clubs in District 5190 was reduced, the geographical size remains the largest in the 48 contiguous states.

Because of Rotary International's Board of Directors' decision in 2011 to eliminate District 5260 in Southern California (a district representing just over 900 Rotarians, which is far less than the required 1200 minimum per RI bylaws), three surrounding districts welcomed those 33 clubs formerly part of D5260 into their districts effective July 1, 2012. District 5190 was pleased to welcome over 130 hard working Rotarians from the Bishop, Bishop Sunrise, Mammoth Lakes Noon and Mammoth Lakes Sunrise clubs. The Areas of District 5190 were expanded from 12 to 13 Areas because of these four additional clubs.

Support of the Rotary Foundation has always placed us among the highest producing districts. In early 1987, in Concord, California, the final Sunday morning of PETS included a special meeting with the District Governor at that time, Paul Nielsen. For the first time, PDG Nielsen disclosed to the Presidents-elect a new RI program that was to be initiated throughout the District for 1987-88. The new PolioPlus program that had been created in the Philippines was to now go worldwide. It was announced at the meeting that RI's goal was to raise \$120 Million US. PDG Nielsen gave each club president a target amount for their specific club that included an amount based on past foundation giving for each respective club. Most of the clubs in the district met or exceeded their goal. During that year, the District was represented by 63 clubs that included the Rotary Club of Reno with 250 members and the Sacramento Club with nearly 500 members and raised \$1.104 million US for the PolioPlus Program.

The clubs in our district have continuously been involved in international programs through World Community Service and the Foundation. We have participated with countries in Africa, Asia, Central and South America, Fiji, Russia, Romania, and the Philippines.

Activities and programs for youth have always generated great support from the District 5190 clubs. Our district wide programs include Rotary Youth Exchange (RYE), where approximately 30 high school students from around the world come to live with host families and attend school in our local communities, learning about life and culture in the United States. Another 30 students from our District go “out” each year to explore the world in a year-long cultural exchange while attending high school abroad. Rotary Youth Exchange builds world peace and understanding, one student at a time. The District 5190 RYE program received the Gold NAYEN Achievement Award in 2013-2014 for commitment to excellence and dedication to continuous improvement. This award is the highest level of recognition available and recognizes the RYE Committee and Counselors for their leadership in best practices and our youth exchange program as a role model for other Districts in North America.

Another district-wide youth program is Interact, with 29 active Interact clubs in various communities. Interact is a Rotary sponsored club for 12- to 18-year-olds. With the change in age to 12 years (from 14) in 2010, the opportunity for Interact clubs has now expanded to 7th and 8th graders, and we have several active Interact clubs in these grades, in addition to the more traditional high school Interact clubs. During the 2014-2015 year, two new Interact Clubs were established. The Rotary Club of Sparks Centennial Sunrise sponsored the Interact Club at the Excel Christian School, and the Rotary Club of Alturas sponsored an Interact Club at the Modoc Middle School.

Rotaract, a Rotary sponsored club for ages 18-30, bridges the gap between high school and full Rotary membership with either college based or community-based clubs. On April 5th, 2022 the Rotaract Club of Unique Students of Amador was chartered.

Rotary Youth Leadership Awards (RYLA) is a premier leadership training opportunity for high school juniors in District 5190, with nearly 100% participation of our clubs in this valuable program. Our District continues to participate in RYLA with neighboring District 5180, as the camp started in 1988 when the two districts were one. Students come away from the week-long experience at Grizzly Creek Ranch, near Portola, saying that it was a “life changing experience”. In the past, more than 100 high school juniors from our District typically participated in RYLA each year, which then expanded to two sessions to accommodate the demand from our Rotary clubs to train our future leaders. The 2012 RYLA had an enrollment of 150 students, validating the extraordinary impact the camp has on students and the tremendous support from the clubs

around the District. 2013 saw RYLA expanding to three week-long sessions to respond to the demand for this exceptional leadership training experience.

Like RYLA, the District started the Rotary Eighth Grade Leadership (REGL) program (also known as Rotary Middle School Leadership in the Reno/Sparks area), a four-day intensive leadership training seminar. The purpose of the project is to offer professional leadership training, with a strong emphasis on ethics, to selected 8th grade students as they prepare for their high school experience. Attendance is by scholarships sponsored by Rotary clubs and the students demonstrating leadership qualities are selected by their principal. A 3-day residential program, piloted in 2012 to serve the more rural communities of our District, was fully subscribed to and highly successful. Two Rotary Eighth Grade Leadership programs are currently provided in the district, with capacity to serve all the clubs in District 5190.

The Group Study Exchange Program has been another Foundation Program strongly supported by the District. This program, involving successful non-Rotarian business and professional people, has seen District 5190 sending groups to and receiving groups from many countries around the world.

Each year District 5190 sent scholars abroad for a year or more of study under the Foundation Ambassadorial Scholarship Program, now called Global Grants. Generous membership support of the Rotary Foundation enabled our district to make these programs available in our communities.

With the new Future Vision model for The Rotary Foundation effective on July 1, 2013, District 5190 enjoyed the last official "Group Study Exchange" with District 3150 in southeast India in 2012-2013 and our last Ambassadorial Scholar, Martha Eisenhower, who completed her year of study in Dublin and Belfast, Ireland.

The once controversial issue of female membership in Rotary is now a distant memory. In 1987, Georgia Schultz was the Charter President of the Rotary Club of Lone. Since then, many of our clubs have elected women presidents. In 1997-1998 Lydia Frenzel served as our first woman District Governor. Wyn Spiller served as the second woman District Governor in 2008-2009 and was succeeded by District Governor Janice Gage in 2009-2010. Vicki Puliz served as Governor in 2013-2014 and Gail 'Virus' Ellingwood lead the District in 2015-2016. Tina Spencer-Mulhern served as District Governor in 2018-2019.

For many years, Sparks, Nevada was the traditional location of the District 5190 annual District Conference. George Ticknor, the first District Governor of the most recently redefined district, broke with tradition in 1995-1996, and the Conference was held in Elko, Nevada. The location of our District Conferences has been

diverse over the many years. Following are the locations of the past Conferences:

- 1997: Sparks
- 1998: South Lake Tahoe
- 1999: North Lake Tahoe
- 2000: Tahoe City - Granlibakken
- 2001: Reno – MGM/Reno Hilton, now Grand Sierra Resort
- 2002: Sparks – John Ascuaga's Nugget
- 2003: Reno – Atlantis Casino Resort & Spa
- 2004: Tahoe City, Granlibakken
- 2005: Reno – Reno Hilton
- 2006 & 2007: Sparks – John Ascuaga's Nugget
- 2008 & 2009: Reno – Peppermill
- 2010: Reno – Grand Sierra Resort
- 2011: Reno – Atlantis Casino Resort & Spa
- 2012, 2013, 2014: Sparks – John Ascuaga's Nugget
- 2015: Harrah's at South Lake Tahoe
- 2016, 2017 & 2018: Reno – Atlantis Casino Resort & Spa
- 2019 – Peppermill Casino Resort Spa – (The first multi-District Conference)
- 2020 – An unprecedented year where the world was attacked by COVID-19, aka the Coronavirus. The District had been in the planning stages of RALLYE (Rotary Awards, Learning & Leadership Yearly event). This was the District's attempt to combine the District Conference and the Club Leadership Assembly. Recognizing that the safety and well-being of our Rotarians is paramount, the event was canceled. Bringing so many Rotarians together for this event and running the risk of spreading this contagious virus was not an option. All social gatherings around the country were canceled, social distancing and Sheltering in Place were the new standard.
- 2021 – RALLYE was scheduled to take place at Harrah's in south Lake Tahoe. Unfortunately, the decision was made to hold this celebration of the clubs in a virtual environment due to the continued concerns from COVID.
- 2022- Harrah's at South Lake Tahoe
- 2023- Harrah's at South Lake Tahoe
- 2024 – Grand Sierra Resort in Reno (Multi-District Conference with D5150 & D5180)
- 2025 – Fallon Convention Center

The second half of the 2019-2020 Rotary year presented many challenges due to COVID-19. Not only was the District Conference cancelled, but most mid-year visits were handled virtually and Foundation Dinners and club fund-raising events were cancelled. Many of the clubs in the District held their weekly meetings via Zoom calls. The annual District Training Assembly for Club leadership was provided through virtual webinars. The District adapted to the new environment with the use of technology and lots of creativity.

Due to COVID 19, the 2020-2021 Rotary year continued to challenge the clubs and the District in unprecedented way. Many clubs held their weekly club meetings virtually on ZOOM and some

clubs have not met due to many members being uncomfortable with technology. The clubs were faced with trying to find new, creative ways to hold fundraising events for their community projects. A silver lining for many clubs meeting via Zoom was the ability to have great speakers from places near and far.

District 5190 has a history representative of the growth of Rotary, which in recent years has been through the chartering of sunrise or sunset Clubs. As an example, 2006-07 saw three new clubs chartered. The District recognized that we needed to find innovative ways to attract new members; we needed to create a Rotary Club for the next generation. The District was honored to charter the Reno New Generations Club on November 6, 2009 with 31 charter members and represents one of the very few non-traditional clubs in the United States. Due to confusion when the fifth avenue of service, New Generations, was approved by Rotary International, the Reno New Generations Club officially changed their name to Reno Midtown in 2012.

The District welcomed a new Club in 2015. The Rotary Club of Auburn Sunset was chartered on June 3, 2015 with 23 charter members. Area 5 now represents four Rotary clubs in the Auburn, CA vicinity.

In 2016, unfortunately two clubs in the District surrendered their Rotary Charters, Mammoth Sunrise and Westwood – Lake Almanor. In June of 2017, the Rotary Club of Surprise Valley also surrendered their charter.

The 2016 Rotary International Counsel on Legislation gave the tools for increased club flexibility; clubs now have more freedom in determining their meeting schedule; they can now adopt simplified and more inclusive criteria for membership. Unlike traditional Rotary Clubs that meet weekly, the Rotary Passport Club has only four “in-person” meetings per year, sponsors no service projects and performs no fundraising activities. Instead, members are encouraged to attend any of the meetings of any of the other Rotary clubs in the District on days and at times that are convenient for them. Members are also encouraged to support the service projects and fundraising activities of any Club in the District that they find appealing as their schedule permits. The Rotary Club of Auburn Daybreak transitioned to Sierra Passport in 2016 taking advantage of greater flexibility to attract new members. The Rotary Club of Passport to Amador was chartered in May of 2018. The Rotary Club of Carson City Sunset struggled with membership and decided to transition to a Passport Club in 2018, officially becoming the Rotary Club of Cap City Passport.

Every three years, the District selects a Past District Governor to represent the District at the Counsel on Legislation. Following is the history of those selected.

Year	Representative	Rotary Club
2004	Jerry L. Hall	Reno
2007	David Denney	Nevada City
2010	Paul Lumos	Carson City
2013	Steven A. Snyder	Auburn
2016	Wyn Spiller	Grass Valley
2019	Steven W. Lewis	Carson City
2022	Doug McDonald	Nevada City
2025	Gail Ellingwood	Smith Valley

The Rotary E-Club of District 5190 was chartered on April 19, 2016. Membership in the e-club allows the flexibility to serve the community and engage in the fellowship of Rotary at times that are convenient to its members. While e-clubs are a lot like other Rotary clubs in that they meet regularly, carry out service projects, support The Rotary Foundation, and socialize with each other, an e-club meets online when it is convenient for its members - day or night, any day of the week. E-club members use webinars, videoconferencing, message boards, or tools like Skype to communicate. Some e-club members also meet in person at service projects, social activities, the District Conference, or the RI Convention. Membership in the Rotary E-Club of District 5190 allows the members to participate in service opportunities through the e-club as well as through partnerships with nearby clubs.

The District formed a 501(c)(3) in 2016. The Rotary District 5190 Community Fund was organized exclusively for charitable purposes. Funds raised will consist of donations from Rotary members, local individuals, community organizations and businesses. Donations collected through fundraising efforts will be used for Youth Programs in the District such as RLYA and the High School Speech and Music contests that occur annually at the District Conference.

The Achievement Beyond Obstacles (ABO) Program, started by the Rotary Club of Reno South in 1996 and recently joined by the Rotary Club of Reno, Rotary Club of Reno Central and the Rotary Club of Sparks. It is an innovative scholarship program dedicated to students usually overlooked by other programs. Counselors from every high school in Washoe County—currently 20, including charter and private high schools—nominate one or more students for this program. These students have overcome major obstacles in their lives and will be continuing their education. These students usually do not qualify for other scholarships which are typically based upon grades or school participation. Other clubs outside of the Reno/Sparks area are considering implementing the ABO Program.

Unfortunately, forest fires ravaged parts of District 5190 in 2021.

- Beckwourth – June 30th
- Tamarack Fire – July 4th – Eastern California and western Nevada
- Dixie Fire – July 13th - Plumas and Lassen counties affecting Greenville, Chester, Westwood, Portola, Quincy, and Susanville.
- River Fire – August 4th - Placer and Nevada Counties

- Caldor Fire – August 14th - Pollock Pines, Camino and Grizzly Flats.

The Dixie Fire destroyed the small town of Greenville as well as the homes of Rotarians in the Rotary Club of Greenville. But in true Rotarian fashion, these Rotarians exemplified Service Above Self, stayed the course and helped those in their communities with true selflessness and compassion.

Relief efforts were widespread with over \$64,000 donated to GoFundMe accounts and various Community Funds set up to fund relief for fire victims. Donations to the Rotary District 5190 Community Fund exceeded \$125,000. Over 240 applications from those in need were processed and gift cards issued. The District continues to look at District grant funded projects as well as a possible TRF Disaster Response grant as overall recovery for these devastated communities will be a long, hard journey.

On April 5, 2022, the Rotaract Club of Unique Students was officially recognized by Rotary International and certified as a Community Based Club. The members are students from 18-22 years of age with moderate/severe disabilities. One of the goals is to work with these students in a workforce development program, learn about community service and understand the importance of giving back to their community. Unfortunately, by 2024 the Club was no longer active.

The Rotary Club of International Exchange was chartered by Rotary International on September 9, 2022. The club's motto is to promote the exchange of ideas, thoughts, projects and service across an international platform.

During the 2024-2025 Rotary year two new Rotaract clubs were chartered, both using the service-based club model. The Rotaract Club of Truckee (sponsored by the RC of Truckee) was chartered on December 20, 2024 with seven new members. The Rotaract Club of The Confluence (sponsored by the RC of Auburn) was chartered on February 19, 2025 with thirteen members.

District Website

The District 5190 website has been designed to provide tools that make doing business within the District easier. District and Club news, materials for grant applications, materials for the speech and music contests, detailed contact information for District Rotarians, and much more are located on the website. All District Rotarians are encouraged to submit suggestions and ideas to the District Webmaster that will enhance the usefulness of the website.

District 5190 has completed migrating to a new District website utilizing ClubRunner. The website address remains the same www.rotarydistrict5190.org. The website welcomes visitors and District Rotarians with pictures and success stories that capture the essence of “who we are” and “what we do” in our communities and internationally. District Rotarians will be able to register for District events via links to registration sites after reviewing information about the events.

Updating Member, Club, and District Information

One of the advantages of the District utilizing ClubRunner is that changes regarding individual members, Clubs and the District now need to be input only once—on ClubRunner. Information input into ClubRunner is electronically fed to the District and to Rotary International. Please do not enter member data on the RI website. Enter data on the District 5190 ClubRunner site and the data will automatically feed to RI.

Each Rotarian in the District has a personal ClubRunner Login Name and Password. For Clubs that are ClubRunner subscribers, the member should go to the Club's ClubRunner page and click on “Login”. They are then taken to a page where they can click on “New and Existing Users – Retrieve Your Password.” They are then taken to another page where they input their Club, their last name and their email address and they will be emailed the necessary information. Once they sign in using this information, they should change the Password. Members of Clubs that are not ClubRunner subscribers follow the same procedure but start at the District's website. If a member follows the above procedure and gets a message, “The system didn't find your Login Information,” an email should be sent to webmaster@RotaryDistrict5190.org for assistance. Individual Club Members may update their information on ClubRunner and at Rotary International by updating their Member Profile on ClubRunner. Club and District Leadership may update information regarding their Club or their area of responsibility.

Rotary International has embarked on a strategic, multi-year effort to create a common brand amongst all our clubs. All materials submitted for publication on the District website will need to adhere to Rotary International branding guidelines. This includes the proper use of the Rotary Masterbrand Signature (our Rotary Logo) in all materials. Any materials submitted that use old style Rotary Logos

or misused logos will not be published on the District Website. Additionally, any materials which have no Rotary Branding in any form will also not be fit for publication on the district website. For help with proper Rotary branding please visit the Rotary Brand Center at <https://brandcenter.rotary.org/en-GB> or contact your District Public Image team. District 5190 Public Image Team member contacts can be found at <https://www.district5190.org/page/rotary-public-image>.

Promoting Club Events On the District Website and District Facebook Pages

Clubs are encouraged to promote Club Events on the District Website and on the District Facebook Page according to the following criteria.

DISTRICT WEBSITE EVENT PAGE

Clubs that subscribe to ClubRunner may promote Club events of interest to other Rotarians or to the general public by inputting the information on the Club's ClubRunner site under Events 2.0. Be sure to select "Show in District Event Calendar." If an event is of interest only to Club members, then the box for "Show in District Event Calendar" should not be checked. Putting events not of general interest on the District's Event Calendar makes it difficult to read.

DISTRICT WEBSITE HOME PAGE

Clubs may promote Club events of interest to other Rotarians or to the general public by sending an email with details of the event to webmaster@RotaryDistrict5190.org for posting on the District's website. Information may include a brochure or a flyer and should be sent three or more weeks prior to the event. Events will be included on the website based upon the event's appeal to other Rotarians and the general public. Space is limited and there is no guarantee that an event will be promoted in this manner. Consideration will be given to whether this is the Club's signature event or not. The webmaster may edit submitted content.

DISTRICT FACEBOOK PAGE

The District has a Facebook Page <http://www.facebook.com/RotaryDistrict5190> that is open to the public. Clubs are free to promote their events and to recognize their achievements by posting information on this page themselves. Flyers, in a JPEG format, should be sent to the Social Media Chair, Stacy Graham at stacyd5190@gmail.com. Clubs should exercise restraint regarding the length of a posting. If appropriate, a link may be provided to an external website.
