

INTERACT SERVICE PROJECT IDEA

PERSONAL HYGIENE KITS

Looking for a project for your Interact Club?

Join us in making a difference! Interact Clubs are coming together to assemble care kits for people in need, including those experiencing homelessness. These kits, filled with essential items like toiletries, socks, snacks, and hygiene supplies, will provide comfort and dignity to individuals facing tough times. It's a simple but powerful way to show compassion, work together, and create positive change in our communities. Every kit assembled is a reminder that kindness matters and service brings hope.
