WHAT IS ROTARY

Rotary is a membership organization made up of local business, professional and community leaders. We meet regularly, get to know each other, form friendships, and through that, we are able to get things done in our community. Rotarians are people of action. Together, we see a world where people unite and take action to create lasting change—across the globe, in our communities, and in ourselves.

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST**: The development of acquaintance as an opportunity for service;
- **SECOND**: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD**: The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH**: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR WAY TEST

of things we think, say or do.

1. **Is it the TRUTH?**
2. **Is it FAIR to all concerned?**
3. **Will it build GOODWILL and BETTER FRIENDSHIPS?**
4. **Will it be BENEFICIAL to all concerned?**

Kurt Raffetto
District Governor - 2026-2027
Rotary Club of Placerville

Kurt joined the Rotary Club of Placerville in January 2014. He was sponsored by his father, Danno, who has been a Rotarian for 61 years. He served as president from 2018-2021 followed immediately by taking on the role of assistant/area governor from 2021-2025. Kurt was the driving force behind the installation of a batting cage at the City of Placerville's Rotary Park and improving ADA access to the seating area. With Kurt at the helm, his club and community members were responsible for raising $100,000 for the Rotary Club of Paradise following the deadly Camp Fire. Kurt has been on the district disaster response committee, service chair, and the Rotary Leadership Institute cadre. Kurt is a Paul Harris Fellow, Polio Plus Society member, and Paul Harris Society member.

Kurt is a fifth-generation resident of El Dorado County and was born and raised in Placerville. He returned after his 23-year career in the United States Air Force where he flew KC-135R and C-130E/H aircraft as co-pilot, aircraft commander, and instructor pilot in both airframes. Kurt participated in a number of operations around the globe including Desert Shield/Storm/Calm, Restore Hope, Provide Promise, Iraqi Freedom, and Deep Freeze.

Kurt and his father manage commercial property in Placerville and have a small walnut orchard in the Apple Hill area. Kurt's wife, Veronica (Polly), retired as a Colonel from a 31-year career in both the active duty and the Air Force Reserve. They have two sons, the oldest is a recent graduate of Cal Poly Humboldt, and the other, is a recent graduate of El Dorado High and attending college.

In addition to Rotary, Kurt's involvement in the community includes being the publicity chair for Placerville Ducks Unlimited, Flight Captain of the Sierra Flight 27 Order of Daedalians, former board member and vice-president of The Marshall Foundation for Community Health, and former commissioner for District 3 of the County of El Dorado Veterans Affairs Commission. He has coached youth basketball for the city and junior varsity baseball for El Dorado High School. He is a member of the Knights of Columbus, American Legion, and Veterans of Foreign Wars.

Governor's Message

I look forward to serving all the Rotarians and clubs of district 5190 as your governor. I intend to continue Governor Harvey's emphasis on what the district can do to support you and your club as you attain your goals. Those goals may be driven by club history or Rotary's seven areas of focus: promoting peace, fighting disease, providing clean water, saving mothers and children, supporting education, growing local economies, and protecting the environment. Rotary's action plan can be the foundation for achieving your goals and the seven areas of focus. The action plan centers around increasing our impact, expanding our reach, enhancing participant engagement, and increasing our ability to adapt. Steps that are critical to successful projects and successful clubs.

2026-27 Rotary president, Olayinka "Yinka" Hakeem Babalola's presidential message is to Create Lasting Impact. Right out of the Rotary action plan and critical to any project. While we often think about the impact a project has on the community or individual being helped, Yinka suggests the impact can be even greater on ourselves.

I hope to encourage area clubs to collaborate together on projects. This will allow them to benefit from increased grant money made available from our district designated funds. That is a portion of the money donated to the Rotary Foundation three years ago that comes back to our district. We then issue that money to clubs for local projects. More clubs together on a project means more money and even greater impact!

I hope you will look for projects that may seem a little out of reach. I know Rotary and Rotarians can achieve great things. Borrowing from my Air Force career, I encourage you to Aim High with Rotary.

Olayinka Hakeem Babalola
President 2026-2027
Rotary Club of Trans Amadi
Rivers State, Nigeria

Olayinka Hakeem Babalola received a university degree in engineering in 1988. He worked for 25 years in the oil and gas industry, holding senior positions in Shell PLC and carrying out projects on four continents. He is the founder of two companies: Riviera Technical Services Ltd., an oil and gas infrastructure delivery company, and Lead and Change Consulting, an executive coaching and organizational performance advisory group.

Babalola's professional affiliations include the Nigerian Society of Engineers, the Institute of Safety Professionals of Nigeria, and the Association of Change Management Professionals. He is a member of Jericho Businessmen Club, an organization in his birth city of Ibadan that provides input to governments on economic and social policy.

A Rotaractor for 10 years, Babalola has been a member of the Rotary Club of Trans Amadi since 1994 and served as a district governor from 2011-12. He served on the RI Board of Directors (2018-20) and was vice president in 2019-20. He has served on committees including the End Polio Now Countdown to History Campaign Committee (2017-23, vice chair 2017-20) and the Nigeria National PolioPlus Committee (2013-present, adviser 2016-present).

Babalola and his wife, Preba, live in the city of Port Harcourt. He supports The Rotary Foundation with a named endowment and as an Arch Klumph Society member. He volunteers as a trustee for ShelterBox UK. He has received the Regional Service Award for a Polio-Free World, the RI Service Above Self Award, and The Rotary Foundation Citation for Meritorious Service.

The Game Changer
Meet your 2026-27 Rotary President, Olayinka Hakeem Babalola

Olayinka "Yinka" Hakeem Babalola is sitting on the wrong side of his desk, staring at the tiny squares on the laptop perched in front of him. He's just finished speaking on a call with 300 Rotaractors from the African continent and other parts of the world, Rotary's president-elect explains as he turns down the volume. "They held a celebration for me because I'm a past Rotaractor," he says. By seeing Babalola, himself once in their shoes, embarking on the highest position in Rotary, who knows how many of the 300 he will inspire. It's early October, less than two months since the Rotary International Board of Directors selected Babalola to lead Rotary, in a special session in late August after the resignation of RI President-elect SangKoo Yun, who died shortly after, following months of cancer treatment.

It's only the second trip to Rotary headquarters for Babalola, of the Rotary Club of Trans Amadi in Nigeria, since his selection. His office is nearly empty, void so far of all the gifts Rotary leaders tend to accumulate during their travels as an incoming president.

While he's new to the position, he has a long history with Rotary, starting as a Rotaractor in 1984 and then as a Rotarian in 1994. "One thing is for certain, preparing me for this role are my many years of engaging with Rotary" — over four decades, he says. "Not many people who get to this position have that privilege."

In that time, he's served not only as RI vice president and a member of the RI Board of Directors but also as an active leader and participant in RI committees such as the **End Polio Now** Countdown to History Campaign Committee and the **Nigeria PolioPlus Committee**. Babalola was a trustee of **ShelterBox**. His Rotary honors include the Regional Service Award for a Polio-Free World, the Service Above Self Award, and a Rotary Foundation Citation for Meritorious Service. He and his wife, Preba, a member of the Rotary Club of Port Harcourt Passport, are Arch Klumph Society members.

That's all on top of his professional life. He worked for 25 years in the oil and gas industry, holding senior positions with Shell. He is the founder of two companies: Riviera Technical Services Ltd., an oil and gas infrastructure delivery company, and Lead and Change Consulting, an executive coaching and organizational performance advisory group.

Rotary magazine senior staff writer Diana Schoberg sat down with Babalola to find out more about the president-elect.

He was inspired to join Rotary because of something he saw on TV.
On summer break between his last year of high school and his first year of college, Babalola was hanging out at home watching TV when a well-dressed man on the screen caught his eye. The man was wearing all white, and "his English was something else,"

Babalola recalls. Curious, he listened more closely. The man was talking about Rotary. “It was the first time I heard anything about Rotary,” Babalola says. “Like with most TV interviews, it probably lasted one or two minutes, but he made an impression on me.”

Fast forward to Babalola’s second year at the university, when the school’s public image director, a member of the Rotary Club of Bauchi, approached him with a proposal: Would Babalola like to help organize a Rotaract club at the school? “I still tell people I have no idea why he approached me,” Babalola says. He recalled the well-spoken man in white and asked if the director was somehow connected. It turns out the director knew the man on TV, who was the past district governor. Babalola was sold on the connection and went on to become the Rotaract club’s charter president.

He met his wife at a Rotaract meeting.
After finishing up his university education, Babalola moved to Port Harcourt and joined the community-based Rotaract Club of Trans Amadi. At one event, he recalls noticing a beautiful woman, the president of a university-based club. He pointed her out to a friend and said, “That’s the one.” He was right.

But Yinka and Preba aren’t the only members of their family who have been involved in Rotary. Their oldest daughter was the charter president of the Interact club at her secondary school. She moved to North America for college and today belongs to the Rotary Club of Winnipeg in Manitoba. Another daughter was the president of her university’s Rotaract club.

President-elect Olayinka Hakeem Babalola stands outside Rotary’s headquarters building with Rotary Foundation Trustee Martha Peak Helman and RI Vice President Alain Van de Poel.

His nickname is “the game changer.”
Babalola served as district governor in 2011-12 while employed by Shell, a multinational energy company. This was unlike his predecessors, who were either retired or running their own businesses while they held that role. He knew things had to change for him to be successful.

At his first meeting with the assistant governors and committee chairs, he asked them to include what would be the “game changer” in their proposals: how they used to do things, and how their approach would change going forward. “If they have no answer,” he says, “the proposal is thrown away. They need to present it again.
“It occurred to people that this guy actually wants something different,” he continues. “I’m called the game changer, but the ideas that changed the game were not mine.”

He raised $80,000 with a text message.
Part of Babalola’s effort to make changes as district governor involved his use of technology. On 1 November, the start of Rotary Foundation Month, he woke up around 3 a.m. and sent a request to

a district group on a BlackBerry messaging app asking everyone on the platform to give something to the Foundation that day, no matter how small. Then he went back to sleep. When he woke up a few hours later, he made his own donation and posted the evidence. Within a few hours, the group had raised $80,000. “Usually, you would gather people together, you’d talk to them, and ask for it,” he says. “But with technology, you could ask virtually.”

That year, every club throughout the district gave something to the Foundation. The nearly $1 million raised was, he says, the highest amount ever from a district on the African continent for The Rotary Foundation.

He wishes he had more time to go scuba diving.
Babalola is certified to dive to 30 meters and has done some diving in the Mediterranean, the Red Sea, and the Atlantic. He’s looking forward to someday diving in Hurghada, a resort city on Egypt’s Red Sea coast that’s known for its marine life, iconic wrecks, and high visibility in the water. “The reefs are wonderful,” he says.

He also enjoys other outdoor pursuits including swimming, gardening, and bird-watching. One of the most interesting birds he’s seen is the Ibadan malimbe, a rare songbird with bright red feathers around its head and face that is found only near his hometown.

The 2026-27 presidential message is Create Lasting Impact.
If you need it, here’s a refresher on Rotary’s vision statement: “Together, we see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves.” This Rotary year, Babalola explains, RI has been focusing on that first word, “together,” through the message Unite for Good. In 2026-27, members will tackle the next part of the vision statement: creating change that lasts.

Lasting change across the globe is an easy idea for most Rotary members to understand, he says. “They can give you examples: our polio eradication work, our peace centers, global grants,” he says. “When you talk about lasting change in communities, they know because they do things in their own communities. But each time I’ve been in a gathering of Rotarians and asked them about lasting change in themselves, usually the room goes quiet.”

He thinks a key to growing Rotary is realizing the effect it has on you.
While members can and should measure the impact of a project, Babalola wants to see that idea flipped, too. “How has doing all of that impacted you?”

He can clearly see how Rotary has changed his own life. “I had a privileged upbringing — a good education in a place where many did not have that opportunity,” he says. “Rotary grounded me. It pulled me out of my privileged world and put me in touch with the realities of my community.”

Many Rotary members have their own stories about how their membership has changed their lives for the better, how it humbled them or brought them closer to their fellow human beings. Babalola encourages them to share those stories. “If we are going to grow this organization, we must let people understand how membership can make a lasting impact on their own lives,” he says. “That’s one of the things I’m hoping that I can help communicate.”

Rotary made him a diplomat.
As a Rotary director in 2018-20, Babalola represented more than 80 Rotary countries and geographical areas — over a third of the Rotary world — including countries in Africa (where at least 1,000 languages are spoken), the Middle East, and parts of Europe. The zones he represented included politically sensitive areas such as Israel, Lebanon, Ukraine, and Afghanistan. “There are certain skills you end up building,” he says.

For example, at a Rotary institute he convened in Egypt, he received a phone call from a senior government official about a map of Africa used at the event. The map, which he’d found on the internet, showed Western Sahara as a separate country, which Morocco does not recognize. Egypt supports the position of Morocco. “That kind of situation brings a certain awareness straight to you,” he says.

He’s the second president from Africa.
“It means a lot for the people of that continent,” he says. And, he adds, everyone seems ready to do the work to support him. “I’m used to delivering results. We need to deliver results,” he says. That’s what he’s been preaching at the Rotary institutes he’s attended. “I’ve told them, stop talking about things. Just do it. If it works somewhere, copy it shamelessly. Don’t be afraid to fail — be afraid not to try.”

This story is from the February 2026 issue of *Rotary* magazine.

District Governor Club Visit Guidelines

The District Governor's official visit is usually held at the club's meeting place unless other arrangements are made with the DG ahead of time.

- The Governor presents his remarks as the club program for the day. Please do not schedule a second program.
- This year, the Governor is open to different types of official visit programs, such as fireside chats, Q and A sessions, service projects, fellowship social or another format.
- The club president is encouraged to contact the DG and discuss the options and what type of visit will best help the club.

The purpose of the Governor's visit is to learn about the club's priorities and plans, provide support and resources, and to challenge the club with ideas for improvement. This is done during a meeting with the officers and Board prior to the club meeting. The meeting is intended to provide the opportunity for the club to share successes, as well as discuss areas where the club may desire input or assistance.

The Club Leadership Board meeting is typically held prior to the club meeting, (or in the case of a breakfast club, on the afternoon/evening before or by pre-arrangement with the Governor), with time devoted to meeting with the officers and the Committee Chairs. Virtual board meetings are acceptable. They must, however, be deconflicted with other club visits.

The Club President will conduct the regular club meeting and include enough time for the regular business of the club. The Area Governor will typically introduce the DG. The District Governor would like to:

- Recognize Rotarians for their special efforts by presenting a ***Quiet Rotarian Award*** to an individual deserving Rotarian. This is a nominee of the Club President or board.
- Recognize Rotarians for going above and beyond for their club or community with the ***High-Flyer Award***. This is a nominee of the Club President or board.
- Induct new member(s).
- Present any **Paul Harris Fellowship** honors that have recently been earned.

Spouses, family members, prospective members and guests are welcome and encouraged to attend the District Governor's visit.

*** Club Surrendered Charter

A History of Rotary District 5190
1915 - 2025

In 1915 officers of Rotary International recognized the need for more efficient administration of the rapidly growing, geographically widespread number of clubs being chartered. A worldwide division into Rotary Districts resulted. District 13 was comprised of clubs from California, Nevada, Arizona, New Mexico, and Hawaii. Henry Brunnier of the Rotary Club of San Francisco was elected District Governor of District 13 for the Rotary year 1915-1916. Brunnier was followed in 1916-1917 by Homer Sumption of the Rotary Club of San Diego. The Rotary Club of Reno, the oldest club in present-day District 5190, was chartered under Sumption's governorship. Then, in 1918 the designation of District 13 was changed to District 23. Chartering of new clubs was relatively slow in these early years because the central office believed a service area population of at least 30,000 was necessary for a club to exist and function successfully. Eventually, when RI removed this requirement, growth accelerated. In 1922 the designation changed again, from District 23 to District 2. This district was now made up of clubs from California, Nevada, Hawaii, and Mexico. Now the chartering of new clubs exceeded all expectations, and as a result District 2 was split into five districts in 1937. Northern California and Nevada became District 105. Growth continued, and many new clubs were chartered in Northern California as well as three more in Nevada.

After 10 years, in 1947, it was time for another division of the district. District 109 was split from District 105 and boundaries were reduced. Although the District 109 designation lasted only two years, six new clubs were chartered, including two in Nevada, during this period. Rotary International again changed designations in 1949 and former District 109 became District 164. We remained 164 until 1957, when continued growth of the district necessitated division once more. The district was split with Northern California being divided. The new district, number 519, now included the northeastern part of California from Walnut Grove on the south to the Oregon border and all of Nevada except for the southern tip (Las Vegas). In 1957 District 519 was comprised of 51 clubs with a total of 3315 members. During the ensuing years, the chartering of new clubs in District 519 continued at a moderate pace. Also, a minor boundary change on the western edge of the district brought in two existing clubs, Gridley, and West Sacramento.

By 1987 the district had grown to 64 Rotary Clubs, and it was becoming increasingly difficult for District Governors to perform their required duties in the time frame prescribed by Rotary International. Throughout the United States the proliferation of clubs had resulted in more and smaller districts. District 519 was now geographically one of the largest in the United States. A proposal to divide into two districts with 33 clubs in one and 31 clubs in the other was approved by the RI Board of Directors in 1988. However, a campaign by dissenting clubs was successful, and a poll of all

clubs in the district resulted in a rejection of the split. Additional new clubs were chartered, and in 1990 a new proposal for splitting was put before the clubs of District 519 which now numbered 69 clubs with 4,456 members. This proposal divided the district along the ridge of the Sierra Nevada Mountains, but this was also rejected by the club members. In early 1991, the RI Board of Directors changed the district numbering system from three-digit designations to four. District 519 became District 5190 in July 1991. Club extension committees continued to be successful, and new clubs were chartered throughout the district.

Finally, a division meeting the approval of all clubs was proposed. On March 29, 1994, the Rotary International Board of Directors approved the split of District 5190 with a condition that a new club be formed in the new District 5180. A new club was formed prior to July 1, 1995, and met the condition imposed by the RI Board of Directors. The new District 5180, comprised of 34 clubs in the Sacramento, Marysville/Yuba City and Oroville areas, was split off from 5190. Now, District 5190 was reduced to 46 clubs (45 after Lake Tahoe Southeast was disbanded). The district included most of Nevada, as before, and the foothill and mountain areas of Northeastern California. This division was effective July 1, 1995. Although the number of clubs in District 5190 was reduced, the geographical size remains the largest in the 48 contiguous states.

Because of Rotary International's Board of Directors' decision in 2011 to eliminate District 5260 in Southern California (a district representing just over 900 Rotarians, which is far less than the required 1200 minimum per RI bylaws), three surrounding districts welcomed those 33 clubs formerly part of D5260 into their districts effective July 1, 2012. District 5190 was pleased to welcome over 130 hard working Rotarians from the Bishop, Bishop Sunrise, Mammoth Lakes Noon and Mammoth Lakes Sunrise clubs. The Areas of District 5190 were expanded from 12 to 13 Areas because of these four additional clubs.

Support of the Rotary Foundation has always placed us among the highest producing districts. In early 1987, in Concord, California, the final Sunday morning of PETS included a special meeting with the District Governor at that time, Paul Nielsen. For the first time, PDG Nielsen disclosed to the Presidents-elect a new RI program that was to be initiated throughout the District for 1987-88. The new PolioPlus program that had been created in the Philippines was to now go worldwide. It was announced at the meeting that RI's goal was to raise $120 Million US. PDG Nielsen gave each club president a target amount for their specific club that included an amount based on past foundation giving for each respective club. Most of the clubs in the district met or exceeded their goal. During that year, the District was represented by 63 clubs that included the Rotary Club of Reno with 250 members and the Sacramento Club with nearly 500 members and raised $1.104 million US for the PolioPlus Program.

The clubs in our district have continuously been involved in international programs through World Community Service and the Foundation. We have participated with countries in Africa, Asia, Central and South America, Fiji, Russia, Romania, and the Philippines.

Activities and programs for youth have always generated great support from the District 5190 clubs. Our district wide programs include Rotary Youth Exchange (RYE), where approximately 30 high school students from around the world come to live with host families and attend school in our local communities, learning about life and culture in the United States. Another 30 students from our District go "out" each year to explore the world in a year-long cultural exchange while attending high school abroad. Rotary Youth Exchange builds world peace and understanding, one student at a time. The District 5190 RYE program received the Gold NAYEN Achievement Award in 2013-2014 for commitment to excellence and dedication to continuous improvement. This award is the highest level of recognition available and recognizes the RYE Committee and Counselors for their leadership in best practices and our youth exchange program as a role model for other Districts in North America.

Another district-wide youth program is Interact, with 29 active Interact clubs in various communities. Interact is a Rotary sponsored club for 12- to 18-year-olds. With the change in age to 12 years (from 14) in 2010, the opportunity for Interact clubs has now expanded to 7th and 8th graders, and we have several active Interact clubs in these grades, in addition to the more traditional high school Interact clubs. During the 2014-2015 year, two new Interact Clubs were established. The Rotary Club of Sparks Centennial Sunrise sponsored the Interact Club at the Excel Christian School, and the Rotary Club of Alturas sponsored an Interact Club at the Modoc Middle School.

Rotaract, a Rotary sponsored club for ages 18-30, bridges the gap between high school and full Rotary membership with either college based or community-based clubs. On April 5th, 2022 the Rotaract Club of Unique Students of Amador was chartered.

Rotary Youth Leadership Awards (RYLA) is a premier leadership training opportunity for high school juniors in District 5190, with nearly 100% participation of our clubs in this valuable program. Our District continues to participate in RYLA with neighboring District 5180, as the camp started in 1988 when the two districts were one. Students come away from the week-long experience at Grizzly Creek Ranch, near Portola, saying that it was a "life changing experience". In the past, more than 100 high school juniors from our District typically participated in RYLA each year, which then expanded to two sessions to accommodate the demand from our Rotary clubs to train our future leaders. The 2012 RYLA had an enrollment of 150 students, validating the extraordinary impact the camp has on students and the tremendous support from the clubs

around the District. 2013 saw RYLA expanding to three week-long sessions to respond to the demand for this exceptional leadership training experience.

Like RYLA, the District started the Rotary Eighth Grade Leadership (REGL) program (also known as Rotary Middle School Leadership in the Reno/Sparks area), a four-day intensive leadership training seminar. The purpose of the project is to offer professional leadership training, with a strong emphasis on ethics, to selected 8th grade students as they prepare for their high school experience. Attendance is by scholarships sponsored by Rotary clubs and the students demonstrating leadership qualities are selected by their principal. A 3-day residential program, piloted in 2012 to serve the more rural communities of our District, was fully subscribed to and highly successful. Two Rotary Eighth Grade Leadership programs are currently provided in the district, with capacity to serve all the clubs in District 5190.

The Group Study Exchange Program has been another Foundation Program strongly supported by the District. This program, involving successful non-Rotarian business and professional people, has seen District 5190 sending groups to and receiving groups from many countries around the world.

Each year District 5190 sent scholars abroad for a year or more of study under the Foundation Ambassadorial Scholarship Program, now called Global Grants. Generous membership support of the Rotary Foundation enabled our district to make these programs available in our communities.

With the new Future Vision model for The Rotary Foundation effective on July 1, 2013, District 5190 enjoyed the last official "Group Study Exchange" with District 3150 in southeast India in 2012-2013 and our last Ambassadorial Scholar, Martha Eisenhour, who completed her year of study in Dublin and Belfast, Ireland.

The once controversial issue of female membership in Rotary is now a distant memory. In 1987, Georgia Schultz was the Charter President of the Rotary Club of Ione. Since then, many of our clubs have elected women presidents. In 1997-1998 Lydia Frenzel served as our first woman District Governor. Wyn Spiller served as the second woman District Governor in 2008-2009 and was succeeded by District Governor Janice Gage in 2009-2010. Vicki Puliz served as Governor in 2013-2014 and Gail 'Virus' Ellingwood lead the District in 2015-2016. Tina Spencer-Mulhern served as District Governor in 2018-2019.

For many years, Sparks, Nevada was the traditional location of the District 5190 annual District Conference. George Ticknor, the first District Governor of the most recently redefined district, broke with tradition in 1995-1996, and the Conference was held in Elko, Nevada. The location of our District Conferences has been

diverse over the many years. Following are the locations of the past Conferences:

- 2020 – An unprecedented year where the world was attacked by COVID-19, aka the Coronavirus. The District had been in the planning stages of RALLYE (Rotary Awards, Learning & Leadership Yearly event). This was the District's attempt to combine the District Conference and the Club Leadership Assembly. Recognizing that the safety and well-being of our Rotarians is paramount, the event was canceled. Bringing so many Rotarians together for this event and running the risk of spreading this contagious virus was not an option. All social gatherings around the country were canceled, social distancing and Sheltering in Place were the new standard.
- 2021 – RALLYE was scheduled to take place at Harrah's in south Lake Tahoe. Unfortunately, the decision was made to hold this celebration of the clubs in a virtual environment due to the continued concerns from COVID.
- 2022- Harrah's at South Lake Tahoe
- 2023- Harrah's at South Lake Tahoe
- 2024 – Grand Sierra Resort in Reno (Multi-District Conference with D5150 & D5180)
- 2025 – Fallon Convention Center

The second half of the 2019-2020 Rotary year presented many challenges due to COVID-19. Not only was the District Conference cancelled, but most mid-year visits were handled virtually and Foundation Dinners and club fund-raising events were cancelled. Many of the clubs in the District held their weekly meetings via Zoom calls. The annual District Training Assembly for Club leadership was provided through virtual webinars. The District adapted to the new environment with the use of technology and lots of creativity.

Due to COVID 19, the 2020-2021 Rotary year continued to challenge the clubs and the District in unprecedented way. Many clubs held their weekly club meetings virtually on ZOOM and some

clubs have not met due to many members being uncomfortable with technology. The clubs were faced with trying to find new, creative ways to hold fundraising events for their community projects. A silver lining for many clubs meeting via Zoom was the ability to have great speakers from places near and far.

District 5190 has a history representative of the growth of Rotary, which in recent years has been through the chartering of sunrise or sunset Clubs. As an example, 2006-07 saw three new clubs chartered. The District recognized that we needed to find innovative ways to attract new members; we needed to create a Rotary Club for the next generation. The District was honored to charter the Reno New Generations Club on November 6, 2009 with 31 charter members and represents one of the very few non-traditional clubs in the United States. Due to confusion when the fifth avenue of service, New Generations, was approved by Rotary International, the Reno New Generations Club officially changed their name to Reno Midtown in 2012.

The District welcomed a new Club in 2015. The Rotary Club of Auburn Sunset was chartered on June 3, 2015 with 23 charter members. Area 5 now represents four Rotary clubs in the Auburn, CA vicinity.

In 2016, unfortunately two clubs in the District surrendered their Rotary Charters, Mammoth Sunrise and Westwood – Lake Almanor. In June of 2017, the Rotary Club of Surprise Valley also surrendered their charter.

The 2016 Rotary International Counsel on Legislation gave the tools for increased club flexibility; clubs now have more freedom in determining their meeting schedule; they can now adopt simplified and more inclusive criteria for membership. Unlike traditional Rotary Clubs that meet weekly, the Rotary Passport Club has only four “in-person” meetings per year, sponsors no service projects and performs no fundraising activities. Instead, members are encouraged to attend any of the meetings of any of the other Rotary clubs in the District on days and at times that are convenient for them. Members are also encouraged to support the service projects and fundraising activities of any Club in the District that they find appealing as their schedule permits. The Rotary Club of Auburn Daybreak transitioned to Sierra Passport in 2016 taking advantage of greater flexibility to attract new members. The Rotary Club of Passport to Amador was chartered in May of 2018. The Rotary Club of Carson City Sunset struggled with membership and decided to transition to a Passport Club in 2018, officially becoming the Rotary Club of Cap City Passport.

Every three years, the District selects a Past District Governor to represent the District at the Counsel on Legislation. Following is the history of those selected.

Year	Representative	Rotary Club
2004	Jerry L. Hall	Reno
2007	David Denney	Nevada City
2010	Paul Lumos	Carson City
2013	Steven A. Snyder	Auburn
2016	Wyn Spiller	Grass Valley
2019	Steven W. Lewis	Carson City
2022	Doug McDonald	Nevada City
2025	Gail Ellingwood	Smith Valley

The Rotary E-Club of District 5190 was chartered on April 19, 2016. Membership in the e-club allows the flexibility to serve the community and engage in the fellowship of Rotary at times that are convenient to its members. While e-clubs are a lot like other Rotary clubs in that they meet regularly, carry out service projects, support The Rotary Foundation, and socialize with each other, an e-club meets online when it is convenient for its members - day or night, any day of the week. E-club members use webinars, videoconferencing, message boards, or tools like Skype to communicate. Some e-club members also meet in person at service projects, social activities, the District Conference, or the RI Convention. Membership in the Rotary E-Club of District 5190 allows the members to participate in service opportunities through the e-club as well as through partnerships with nearby clubs.

The District formed a 501(c)(3) in 2016. The Rotary District 5190 Community Fund was organized exclusively for charitable purposes. Funds raised will consist of donations from Rotary members, local individuals, community organizations and businesses. Donations collected through fundraising efforts will be used for Youth Programs in the District such as RLYA and the High School Speech and Music contests that occur annually at the District Conference.

The Achievement Beyond Obstacles (ABO) Program, started by the Rotary Club of Reno South in 1996 and recently joined by the Rotary Club of Reno, Rotary Club of Reno Central and the Rotary Club of Sparks. It is an innovative scholarship program dedicated to students usually overlooked by other programs. Counselors from every high school in Washoe County—currently 20, including charter and private high schools— nominate one or more students for this program. These students have overcome major obstacles in their lives and will be continuing their education. These students usually do not qualify for other scholarships which are typically based upon grades or school participation. Other clubs outside of the Reno/Sparks area are considering implementing the ABO Program.

Unfortunately, forest fires ravaged parts of District 5190 in 2021.

- Beckwourth – June 30th
- Tamarack Fire – July 4th – Eastern California and western Nevada
- Dixie Fire – July 13th - Plumas and Lassen counties affecting Greenville, Chester, Westwood, Portola, Quincy, and Susanville.

- River Fire – August 4th - Placer and Nevada Counties
- Caldor Fire – August 14th - Pollock Pines, Camino and Grizzly Flats.

The Dixie Fire destroyed the small town of Greenville as well as the homes of Rotarians in the Rotary Club of Greenville. But in true Rotarian fashion, these Rotarians exemplified Service Above Self, stayed the course and helped those in their communities with true selflessness and compassion.

Relief efforts were widespread with over $64,000 donated to GoFundMe accounts and various Community Funds set up to fund relief for fire victims. Donations to the Rotary District 5190 Community Fund exceeded $125,000. Over 240 applications from those in need were processed and gift cards issued. The District continues to look at District grant funded projects as well as a possible TRF Disaster Response grant as overall recovery for these devastated communities will be a long, hard journey.

On April 5, 2022, the Rotaract Club of Unique Students was officially recognized by Rotary International and certified as a Community Based Club. The members are students from 18-22 years of age with moderate/severe disabilities. One of the goals is to work with these students in a workforce development program, learn about community service and understand the importance of giving back to their community. Unfortunately, by 2024 the Club was no longer active.

The Rotary Club of International Exchange was chartered by Rotary International on September 9, 2022. The club's motto is to promote the exchange of ideas, thoughts, projects and service across an international platform.

During the 2024-2025 Rotary year two new Rotaract clubs were chartered, both using the service-based club model. The Rotaract Club of Truckee (sponsored by the RC of Truckee) was chartered on December 20, 2024 with seven new members. The Rotaract Club of Confluence (sponsored by the RC of Auburn) was chartered on February 19, 2025 with thirteen members.

2025-2026 Rotary year gave us our first Satellite Club, an offshoot of Rotary E-Club. The Satellite Club of NW Nevada was chartered on November 10, 2025 by Suzanne Prouty and 11 new members. The members are a part of the E-Club, but once they have enough members, they can become a full-fledge Rotary Club. This is a great opportunity to bring new members into Rotary who might want to focus on different things from their sponsor club.

District and Club news, materials for grant applications, materials for the speech and music contests, detailed contact information for District Rotarians, and much more are located on the website. All District Rotarians are encouraged to submit suggestions and ideas to the District Webmaster that will enhance the usefulness of the website.

District 5190 has completed migrating to a new District website utilizing ClubRunner. The website address remains the same www.rotarydistrict5190.org. The website welcomes visitors and District Rotarians with pictures and success stores that capture the essence of "who we are" and "what we do" in our communities and internationally. District Rotarians will be able to register for District events via links to registration sites after reviewing information about the events.

Updating Member, Club, and District Information

One of the advantages of the District utilizing ClubRunner is that changes regarding individual members, Clubs and the District now need to be input only once—on ClubRunner. Information input into ClubRunner is electronically fed to the District and to Rotary International. Please do not enter member data on the RI website. Enter data on the District 5190 ClubRunner site and the data will automatically feed to RI.

Each Rotarian in the District has a personal ClubRunner Login Name and Password. For Clubs that are ClubRunner subscribers, the member should go to the Club's ClubRunner page and click on "Login". They are then taken to a page where they can click on "New and Existing Users – Retrieve Your Password." They are then taken to another page where they input their Club, their last name and their email address and they will be emailed the necessary information. Once they sign in using this information, they should change the Password. Members of Clubs that are not ClubRunner subscribers follow the same procedure but start at the District's website. If a member follows the above procedure and gets a message, "The system didn't find your Login Information," an email should be sent to webmaster@RotaryDistrict5190.org for assistance. Individual Club Members may update their information on ClubRunner and at Rotary International by updating their Member Profile on ClubRunner. Club and District Leadership may update information regarding their Club or their area of responsibility.

Rotary International has embarked on a strategic, multi year effort to create a common brand amongst all our clubs. All materials submitted for publication on the District website will need to adhere to Rotary International branding guidelines. This includes the proper use of the Rotary Masterbrand Signature (our Rotary Logo) in all materials. Any materials submitted that use old style Rotary Logos or misused logos will not be published on the District Website.

Additionally, any materials which have no Rotary Branding in any form will also not be fit for publication on the district website. For help with proper Rotary branding please visit the Rotary Brand Center at https://brandcenter.rotary.org/en-GB or contact your District Public Image team. District 5190 Public Image Team member contacts can be found at https://www.district5190.org/page/rotary-public-image.
Promoting Club Events

On the District Website and District Facebook Pages

Clubs are encouraged to promote Club Events on the District Website and on the District Facebook Page according to the following criteria.

DISTRICT WEBSITE EVENT PAGE

Clubs that subscribe to ClubRunner may promote Club events of interest to other Rotarians or to the general public by inputting the information on the Club's ClubRunner site under Events 2.0. Be sure to select "Show in District Event Calendar." If an event is of interest only to Club members, then the box for "Show in District Event Calendar" should not be checked. Putting events not of general interest on the District's Event Calendar makes it difficult to read.

DISTRICT WEBSITE HOME PAGE

Clubs may promote Club events of interest to other Rotarians or to the general public by sending an email with details of the event to webmaster@RotaryDistrict5190.org for posting on the District's website. Information may include a brochure or a flyer and should be sent three or more weeks prior to the event. Events will be included on the website based upon the event's appeal to other Rotarians and the general public. Space is limited and there is no guarantee that an event will be promoted in this manner. Consideration will be given to whether this is the Club's signature event or not. The webmaster may edit submitted content.

DISTRICT FACEBOOK PAGE

The District has a Facebook Page http://www.facebook.com/RotaryDistrict5190 that is open to the public. Clubs are free to promote their events and to recognize their achievements by posting information on this page themselves. Flyers, in a JPEG format, should be sent to the Social Media Chair, Stacy Graham at stacyd5190@gmail.com. Clubs should exercise restraint regarding the length of a posting. If appropriate, a link may be provided to an external website.
